

# St. James School Directory

## 2013-2014

The St. James School Directory is in the works. The PTA compiles a school directory for families in pre-school through 8th grade. The directory is an excellent resource throughout the school year, whether it's to contact a classmate or find one of our many PTA chairs.

We can't include your information in the 2013-2014 directory without your permission. So please visit [www.mysaintjames.com](http://www.mysaintjames.com) for the link to an online form where you will be able to securely enter your information and be included in the directory. You can also place an order for the 2013-2014 directory (\$10 each) or a business card ad (\$5 each) at that time.

After completing the online form, please return this bottom portion with a check made payable to St. James PTA in an envelope marked Directory to the Business Office. If applicable, please send your business card for your ad with the payment.
