Observe the Catholic school students and their interactions with teachers and one another in and out of the classroom.”

- Bishop David M. O'Connell

SNAPSHOT of OUR GROWTH

Last year when I arrived at the Department of Catholic Schools, I asked folks the question, "When is the Good News really news?" This year I can answer that question with the utmost in confidence: "Our Catholic schools in the Diocese of Trenton are moving in a most positive direction with the growth of our students in the areas of faith formation, academics and social awareness all in the safest environments possible."

Throughout this SnapShot, you will see all that our dedicated staffs are doing to deliver, not only the basics of educational expectations, but rather superseding these expectations. I am often quoted as saying, "Two plus two is always four... in any school in the state, but really what makes our Catholic Schools different is the experience that goes along with the learning of math, science, reading and such." A statement such as this has never more true than today, given all that our schools have experienced during the days of the pandemic. This SnapShot will underscore all that is being done in our schools.

Our Catholic schools have Gospel values alive in every subject that we teach and relationship that we cultivate. The experience of a Catholic school is more than the bricks and mortar or pens and pencils. Our Catholic schools develop the whole child to live as Christ taught and in His light. These truths are infused in every moment of the day within a Catholic school.

Our high schools are producing graduates who are not only going to college at a rate higher than 98%, but more importantly are attending the college and university of their choice. Add to this the fact that last year's seniors were offered more than \$141,000,000.00 in scholarships which clearly demonstrates our Catholic high schools are producing the type of students that these institutions are searching nationally to find and admit into their programs. Our elementary schools are providing the foundational support that is necessary to succeed in secondary and higher education.

As important as the academics are, and they are numerous to be sure, more importantly is the complexity of the student that is enrolled in our Catholic schools. Our students are grounded in their identity; they excel academically; and they are well-rounded socially, physically, and emotionally through an abundance of co-curricular activities and support programs offered in our Catholic schools that foster their overall growth and development.

Please accept this invitation to explore our Catholic schools. Reading this snapshot will hopefully whet your appetite for the real Good News in Education... that our schools are growing and developing students who not only maximize their potential and make you proud as parents, but, more importantly, are alive in the Spirit of Christ and are willing to go into our communities, and the world as a whole, to make substantial difference in the lives of others.

Catholic IDENTITY

Our Catholic schools are grounded in Gospel values from the beginning to the end of each day. From classrooms to sport arenas, from academic assemblies to service projects, Gospel values are being lived by the entire school community. Each year our students contribute thousands of service hours in support of local, national, and global organizations and causes.

Catholic Athletes for Christ began in the world of professional sports. The organization then expanded into college level athletics. The Diocese of Trenton is the first diocese that has established a chapter for high school athletes.

The Catholic school experience includes:

- Daily religion classes
- Prayer throughout the school day
- Weekly and monthly Masses
- Student and faculty retreats
- Reconciliation services
- Living Rosaries
- Service clubs and organizations
- Involvement in the parish
