

St. James Varsity boys win soccer championship

The St. James boys soccer team celebrated recently after they won the Monmouth County Intermediate School Soccer League Championship.

Friday, November 13, 2015

RED BANK — (November 13, 2015) - The St. James Boys Soccer team had a record-setting season this year, culminating in winning the Monmouth County Intermediate School Soccer League Conference Championship, defeating Lincroft's Oak Hill Academy 5-3 on Oct. 29.

While getting close before, it is the first time in the school's history that they walked away with the top prize.

Comprised of members of the sixth-, seventh- and eighth-grades, this year's team exemplified teamwork, as every one of the boys contributed to the success of the season.

They ended with an 8-2-1 record and had one of the highest goals-scored averages, 3.5, while only allowing an average 1.25 goals per game. A stingy defense, strong mid-field and aggressive and accurate forwards led to this banner season.

The leadership of the eighth-graders, support of the seventh-graders and contributions from the sixth-graders combined to result in this season's success.

Congratulations to all the St. James School team members and to the hard working George Rague — their coach and mentor.

St. James Elementary School, a pre-K through eighth-grade Catholic school, serves students and families in the greater Red Bank/Middletown area. For more information visit www.mysaintjames.com or call 732 741-3363.
